

KRONOS

High Quality Products for Your Finishing Needs

General Purpose Cutters

The new Kronos general purpose cutter allows sign and graphic production shops to cut a wide range of sign material. The unit features a strong **anodized aluminum base** that incorporates a narrow groove that safely and securely accepts the blade tip during cutting. The tool also features a **self adjusting hinge and lift arm assembly** which allows the cutter to accommodate materials longer than itself and provides flat cutting on materials up to 1/2" thick. The cutting head includes a magnetic blade magazine which accepts utility blades and scoring blades. A 45mm textile cutting wheel and holder is also included as standard.

Ideal Cutting Solution For:

- Acrylic (score and snap)
- Cardboard
- Corrugated Plastic
- Foamboard
- Polystyrene
- PVC Foamboard
- Banner Material
